**February  
2021**

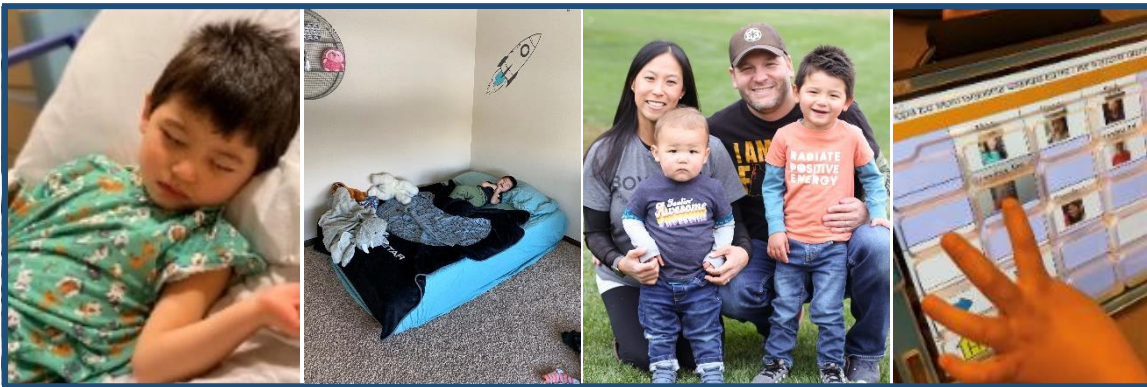

# Happy International Angelman Syndrome Day!

*(Help us bring awareness today – Check out these [resources](#))*

## What's going on with William!

- ✓ Still working on potty training ... it's a slower process ...
- ✓ Transitioned to a big boy bed – loving his new independence!
- ✓ Progressing on using his iPad to communicate
- ✓ Overcame an ER visit for a focal seizure that freaked mom out
- ✓ Manages a busy weekly schedule with occupational & speech therapy, 4 days of special education, and 5 days of daycare!

## Kickoff to the 2021 CAN Will.I.CAN Fundraiser

### Top 3 Reasons to Give This Year

1. With the help of donors, FAST can move... FAST! Proof is because in just 5 years, the roadmap to a cure has 10 programs in IND/FDA enabling studies or clinical trial status (4 are in clinical trials and a 5<sup>th</sup> about to start)!
2. It will help fund critical research and ensure all promising treatments reach EVERY INDIVIDUAL with Angelman Syndrome
3. Over 90% of your donation goes directly to research

**Every donation, large or small, is critical to a cure!**

2020 Will.i.CAN  
Fundraising  
Summary

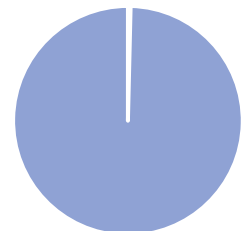

195 friends, family, &  
employer matches  
helped us

thru t-shirt purchases +  
direct donations

raise over \$90,000 to  
support FAST's Cure  
Angelman Now (CAN)  
Campaign!

Let's #KickAS even  
more in 2021!
